INCORPORATING

VILOFT®
A NEW DIMENSION OF COMFORT

After almost 100 years of production of round cellulosic fibres, 1985 saw the creation of VILOFT® - the world's first flat viscose fibre. The flat cross section delivers flexibility in the fibres and increases their surface area. When spun into a yarn, VILOFT® fibres align in a random pattern and form hollow spaces filled with air.

We are delighted and proud to be official supporters of Pink Ribbon Foundation (Reg Charity no. 1080839), who raise money for Breast Cancer charities across the UK. From the 17th July 2020, **PULSAR®** are committed to making a donation from the sale of every **PULSAR®** Ladies garment, to support the fight against Breast Cancer.
